Let's Sing!

One, Two, Three, Four, Five

One, two, three, four, five, (hold up fingers one by one, while counting)

Once I caught a fish alive. (put hands together and wiggle like a fish)

Six, seven, eight, nine, ten, (hold up fingers one by one, while counting)

Then I threw it back again. (make throwing motion)

Why did you let it go? (hold hands out asking why)

Because it bit my finger so. (shake hand, as if hurt)

Which finger did it bite? (hold hands out asking why)

This little finger on my right. (wiggle pinky finger)
